

Prayer of Faith, Love and Desire

by Kathleen E. Hanagan

My deep desire for spirit is creating higher faculties within me,

I AM an emissary of light joyfully sharing with others.

Love is the key to manifesting a higher order reality that emanates out from and returns to my desire.

Desire infused with love allows me to be a vessel to bring heaven on earth.

As a radiating sphere of light, the love I AM is in perfect unity with the Creators---father and mother God.

As I rest in zero point, stillness, I AM receptive to the Mind of God.

My own Sacred Heart is one with the Heart of Creation.

I AM a force of forward evolution, wholeheartedly devoted to the task.

As I recognize and honor my value to the world, I increase in value to Creation.

I AM a child of God, and trust in the infinite support I receive moment by moment.

As I realize my vast worth as a child of the Creator, I let go of all fear about my future.

I have all that I need to fulfill the destiny I choose.

It is God's desire for me to allow the Light of Creation to come through me.

I AM the Light, and the Light is me.

Kathleen Hanagan is spiritual teacher, modern mystic, and psychotherapist, whose work integrates the essential wisdom of the great spiritual traditions with scientific knowledge, 30 years working intimately with individuals, couples, and groups, and her own quest for liberation.

Kathleen's gift is her ability to translate esoteric knowledge into practical tools that help us navigate the inevitable storms of being human.

With the clarity that comes from one familiar with the territory of the heart, Kathleen shows us how to walk between the worlds in this time of the Great Remembering. Her presence and her stories teach us how to live from the center of our love, and how to live our Soul's purpose in full integrity and prosperity.

Her book, [*Activating Your Loveseed: Revealing The Blueprint For A Better World*](#), is a guide to the seeker of love and bringer of light, which Kathleen believes we all are in our seed core essence.
