*"Our most important task is
to grow our love seed, &
shine forth its natural light
to illumine the darkness."*

Kathleen in a few words? Gently incisive. Beautifully awake. Unwaveringly compassionate. She has helped me to go beneath and beyond, clearing the deadwood to make way for fresh growth and new color."

Sue, Writer, editor

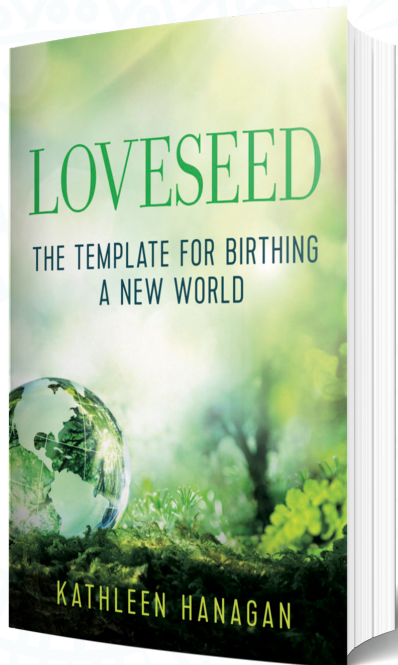

"It's rare to find someone who can work with you on a true multi-dimensional basis. Not just on the therapeutic side but someone who understands your individual "cosmic blueprint" for what you are truly destined to BE."

- Yanik Silver, author Evolved Enterprise

The guiding principles of Kathleen's work and teaching are:

- What you are seeking is within, and is also seeking you.
- You are a multidimensional being that resonates with Source, or what some call Divinity.
- You have something to accomplish here on earth, and the Universe is designed to support you in that mission.
- Your close relationships are your great teachers, and must be cherished.
- Compassion—for self and others—is key.

*"Most of our pain is
due to lack of a deeper
truth. When you are
caught in conflict, the
opposite of pain is not
pleasure, but clarity."*

Kathleen's book, *Loveseed: The Template For Birthing A New World*, shows us how to create miracles through shifts in our perception, that allow us to transcend the fear that creates personal and collective pain.

Combining dramatic real-life experiences with mythic tales, Kathleen draws on her 30 years as a psychotherapist, modern mystic, and spiritual adventurer to weave the threads of ancient wisdom with today's emergent intelligence. As you read, you will learn how to discover and grow your *Loveseed*, and then, shine its brilliant light by living with loving kindness, generosity, and truth.
